Perfect boss music, just like the title says.

I've included this asset in the AnyRPG Engine. Its been featured in a YouTube livestream at https://youtu.be/t4xqkYE9YrU and you've been added to both the in-engine credits, and the credits at anyrpg.org.

Thank you so much for creating and generously sharing it with this community. This is amazing, I have some turn based combat/negotiation scenes where this music had the perfect tense vibe I was searching for.

This is the link for my game: https://maocleal.itch.io/questt-for-business
